### Professional Summary

---

Results-driven Supply Chain Executive with 15+ years of progressive experience in supply chain operations, procurement coordination, inventory management, and data analytics across chemical and manufacturing industries. Proven track record managing 7,000+ SKUs and 6,000+ customer accounts, with hands-on expertise in ERP systems, demand forecasting, MRP, FEFO inventory control, and regulatory compliance. Adept at building Power BI dashboards and delivering actionable insights that reduce stockouts, minimise waste, and drive cost efficiency. Seeking to leverage cross-functional leadership and data-driven decision-making in a Supply Chain Executive role across Ireland, the UK, or Australia.

### Core Competencies

---

- Supply Chain Strategy
- Demand Planning & Forecasting
- Inventory Optimisation
- Procurement Coordination
- ERP Systems (SAP/Oracle)
- Power BI & Advanced Excel
- MRP & Reorder Point Planning
- FEFO / FIFO Inventory Control
- KPI Reporting & Dashboards
- Chemical & Hazmat Compliance
- Cross-Functional Collaboration
- Supplier Performance Management

### Professional Experience

---

#### Data Analyst – Supply Chain & Inventory

Dec 2025 – Present

*Chemstock LLC, Dubai, UAE*

- Maintain and govern master data for **7,000+ SKUs** and **6,000+ customers**, ensuring data integrity across sales, procurement, and inventory systems.
- Build and manage Power BI and ERP dashboards providing real-time visibility into key KPIs: stock levels, order fulfillment rates, demand trends, and supplier lead times.
- Drive demand forecasting models using historical sales data, seasonality patterns, and lead-time analysis, improving stock availability and reducing stockouts.
- Identify and action dead stock, near-expiry chemicals, and slow-moving SKUs, recommending clearance and redistribution strategies to reduce inventory losses.
- Analyse cost variances between import and local sourcing, supporting procurement decisions that improve margins and overall business profitability.
- Monitor and report on supplier performance metrics (lead time, quality issues, pricing trends), enabling data-driven vendor negotiations.
- Generate weekly and monthly management reports on sales performance, inventory health, and operational efficiency to support strategic planning.
- Ensure compliant tracking of hazardous and temperature-sensitive products in line with regulatory requirements.

#### Customer Support & Sales Coordinator

Sep 2022 – Dec 2025

*Chemstock LLC, Dubai, UAE*

- Managed end-to-end order processing for chemical product lines, validating pricing, discounts, and delivery details to achieve **100% order accuracy**.
- Coordinated with Sales, Marketing, Finance, and Operations teams to streamline order fulfilment and resolve supply chain disruptions proactively.
- Produced financial and operational reports for management, supporting performance tracking and continuous improvement initiatives.
- Maintained strong client relationships across a large customer base, driving repeat business and improving on-time delivery performance.

## **Chemical Raw Materials Storekeeper**

**Sep 2018 – Sep 2022**

*Anchor Allied Factory LLC, UAE*

- Implemented Material Requirement Planning (MRP) aligned with production schedules and sales orders, preventing material shortages and production delays.
- Verified 100% of incoming import and local materials against purchase orders, reducing inbound discrepancies and supplier-related quality issues.
- Posted Goods Receipt Notes (GRN) in ERP on the same day of receipt, ensuring accurate costing and timely documentation flow to Accounts.
- Enforced FEFO inventory practices for expiry-sensitive chemicals, minimising material wastage and regulatory non-compliance risk.
- Conducted physical stock reconciliation a minimum of 3 times per week, maintaining near-zero variance between physical counts and ERP data.
- Supported quarterly internal audits, consistently achieving high inventory accuracy scores.
- Trained warehouse personnel and forklift operators on safe chemical handling (flammable solvents: Acetone, Xylene, MEK, THF), PPE use, and emergency procedures.

## **Storekeeper**

**Feb 2014 – Aug 2018**

*Western Tanks and Pipes Ind. Co. Ltd, UAE*

- Provided daily inventory updates to Planning and Procurement teams, improving demand visibility and reducing stock discrepancies.
- Managed weekly material requisitions to maintain optimal stock levels and support uninterrupted project operations.
- Coordinated with Quality Control to verify 100% compliance of incoming materials against specifications.
- Executed timely stocktaking and audit-ready reporting, improving inventory accuracy and asset management.

## **Dispatcher**

**Aug 2010 – Nov 2013**

*Elite Foods & Innovations Pvt Ltd, India*

- Optimised daily routing and scheduling for field delivery units, improving on-time fulfilment and reducing operational disruptions.
- Maintained accurate dispatch records and generated operational reports for senior management to support performance tracking.

## **Education**

---

**Master of Business Administration (MBA) – Logistics, Materials & Supply Chain Management 2019 – 2022**

*Jaipur National University*

**Bachelor of Business Administration (BBA) – Business Administration & Management 2014 – 2017**

*Albedo School of Business Management*

## **Key Achievements & Value Proposition**

- 
- **Scale:** Managed supply chain data for 7,000+ SKUs and 6,000+ customers in a fast-paced chemical distribution environment.
  - **Accuracy:** Delivered 100% order accuracy in sales coordination and near-zero ERP variance through rigorous stock reconciliation.
  - **Compliance:** Deep practical knowledge of hazardous chemical storage, FEFO protocols, and regulatory compliance in chemical supply chains.
  - **Technology:** Proficient in ERP systems, Power BI dashboards, and advanced Excel for supply chain analytics and reporting.
  - **MBA-qualified:** Graduate-level academic grounding in supply chain management, complementing 15+ years of hands-on operational experience.
